SUMMARY

Dedicated to a career in law and public service, thirst for new challenges pushes me to aim for more ambitious goals: entering the US labor market.

My professional experience made me familiar with the practice of law, writing of various legal documents. This led to:

- Increase of employer invoicing (170 000 \$/ year)
- Reduced file time processing (-50%)
- Increasing customer satisfaction
- Excellent communication skills

Disciplined, motivated and efficient, I would fit perfectly in any team.
